Dear New Patient:

Thank you for choosing our center for your pain management needs. We welcome you, and would like to take this opportunity to provide you with some information about what you can expect during your visit.

In order for us to better serve you, please fill out the enclosed patient information sheet and questionnaire completely. This will allow us get an overview of your pain history. If you are receiving an injection, please allow at least 30-45 min. for the visit. If you are taking any kind of blood thinner (anticoagulants) please let us know, so we can give you appropriate instructions regarding stopping them for the injection procedures.

Your first visit is usually for consultation only. If your physician has specifically referred you for a particular injection procedure, please let us know so you can be scheduled appropriately. Please note that with certain insurance carriers, prior authorization for procedures is required and you may not receive an injection on your first visit.

Most pain management procedures require an ambulatory surgical facility with x-ray equipment for needle localization. At Pain Care Specialists of the Palm Beaches, we have the necessary equipment and medical devices to do most procedures right in the office.

Co-payments will be collected before services are rendered and for your convenience, cash, check and credit cards are accepted. Please bring your insurance card with you.

We take pride in our mission to provide effective pain management solutions, under the highest standards of patient safety and competent medical care, in a clean, safe and comfortable environment, and hope that we can make a difference in your health.

Sincerely,
Pain Care Specialists of the Palm Beaches
